## Goals .....

I. To assist students in deepening their knowledge, Wingate University seeks to:

# History .....

A century of experience in education has prepared Wingate to fulfill its purpose. The history of the University exhibits commitment, determination, sacrifice, growth, and success.

Wingate was established in 1896 by the Baptist Associations of Union County in North Carolina and Chesterfield County in South Carolina. Public schools were unavailable in the rural areas of the Carolina Piedmont; therefore, in its earliest days, Wingate offered a complete literacy education from first grade through high school. The school was built on a 10-acre tract boasting fine oak trees, an all-weather spring, close proximity to the Meadow Branch Baptist Church, and access to the Seaboard Air Line Railway. The trustees named the new school for a successful president of Wake Forest University, Washington Manley Wingate, and chose an outstanding graduate of that institution and Union County native for its first principal, Marcus B. Dry. For 12 years Professor Dry directed the school, and with the assistance of Miss Polly Crowder in music, taught most of the curriculum. One hundred seventy-five students attended the first year and enrollment peaked at 292 in 1904.

As the state expanded its public schools, Wingate gradually moved toward boarding students and concentrated in the upper years of high school. It purchased additional land, built teaching and boarding facilities and established a sound academic reputation. The 1916 report to the Association by B.C. Ashcraft praised the Wingate faculty of seven college trained men and women who knew that "when you start a young man or a young woman on the right road, when you set a light aglow in a young mind, when you touch in the right way a young life [those] influences are not to be measured by years—they are eternal."

As the private prep school era waned and public school became increasingly available, Wingate, in 1923, expanded its educational vision, offering the first two years of baccalaureate education. In the same year, Wingate became one of several institutions supported by the Baptist State Convention of North Carolina. These years were marked by enrollment and financial strain as the College established its new character. The national crisis of the economic crash and depression drove Wingate to the edge of extinction: the Convention withdrew its support in 1930, eager students had no money for tuition, faculty salaries frequently remained unpaid, and the administration building burned to the ground in 1932.

But President Coy Muckle and a few determined teachers opened the spring session in the rooms of Wingate Baptist Church, adjacent to the campus. Within a few years a new central building arose on the ashes of the old, this time in brick, attesting the determination of Trustees and local Baptists to keep the school alive. Today that central building, memorializing President C.C. Burris, who guided the institution from 1937 to 1953, houses the liberal arts instruction of the University.

After World War II, a sequence of events solidified Wingate. Returning veterans stabilized the enrollment, North Carolina Baptists resumed their financial support of the College in 1949, and the Southern Association of Colleges and Schools granted membership and accreditation to Wingate in 1952. Dr. Burris then returned to his beloved classroom to enrich the lives of countless students through his deep understanding of English literature and William Shakespeare. Budd and Ethel Smith assumed leadership of the youthful college, immediately attacking its twin points of vulnerability: enrollment and financial support. New recruitment strategies were implemented aimed at increasing the student body from its tenuous level of about 400. In 1955, Dr. Smith interested Mr. Charles A. Cannon of Kannapolis in the school. Mr. Cannon saw Wingate as a place where the children of textile workers and others in the middle class might receive opportunities in higher education. He began to invest in the renewal of the physical plant and the expansion of the curriculum, providing first-class facilities for the growing student body which reached 1,500 in the late 1960s. Dr. Smith, a botanist by discipline, personally directed the planting of flowers and trees which complemented the stately oaks on the central campus. Through the labor of the Smiths and the generosity of Mr. Cannon and others, Wingate weathered the storms of its youth and turned to the future with new confidence.

Although Wingate was recognized in the mid-1970s as an outstanding private two-year college, the education market in North Carolina was changing substantially. The baccalaureate degree had become an attainable and necessary goal for upwardly mobile young people. Wingate needed to recruit 800 or more freshmen each year to maintain its enrollment, while it lost its juniors to senior colleges and universities. In 1977, under the leadership of Dr. Thomas E. Corts, Wingate added upper-level college courses and majors and granted its first baccalaureate degrees in 1979. Other majors and graduate degrees in education and in business were added during the 1980s; establishing Wingate's commitment to a quality educational experience for new generations of students. Also under Dr. Corts, the College launched W'International, a program of international study and travel for sophomores. The College included the cost of this experience in the total tuition whereby all students could spend 10 days in London, Paris, and Amsterdam during the Christmas holidays. W'International signaled the institution's commitment to education for a future global society and the Christian affirmation of the brotherhood of all humankind.

The Wingate campus is located about 20 miles southeast of metropolitan Charlotte. While the majority of Wingate students in past years came from homes within 100 miles of the campus, the University now attracts students from throughout the United States and a dozen foreign countries.

Wingate has been co-educational from its beginning and has concentrated on young adult learners: In recent years, the University has also addressed the unique needs of multicultural and nontraditional students at both undergraduate and graduate levels. On the main campus and at off-campus locations people of diverse backgrounds and ages interact to strengthen the learning environment.

In 1995, during the school's Centennial, the Board of Trustees voted to formally acknowledge Wingate's continued growth by changing its status to University.

Today, Wingate University is the premier small private university in North Carolina.

All faculty, staff, and students are assigned an e-mail address through the library.

The generosity of Mr. and Mrs. Charles A. Cannon launched construction of the original building in 1959. Before his death in 1971, Mr. Cannon made funds available for a large addition completed in 1972. The Cannon Foundation made possible a further addition and renovation in 1992.

# STUDENT LIFE

## **Opportunities for Involvement.....**

### ***Athletics***

Athletics, whether intercollegiate or intramural, provide Wingate students with the opportunity to develop physical fitness and to enhance their understanding of sportsmanship and teamwork. To this end, the University sponsors a well-balanced program of organized intramural competitions and is actively involved in intercollegiate athletics, fielding teams for men and women.

Women regularly meet other teams at the intercollegiate level in volleyball, soccer, golf, basketball, softball, cross-country, swimming, and tennis. Men compete in basketball, baseball, soccer, tennis, golf, football, lacrosse, and cross-country.

The University is a member of the South Atlantic Conference and the National Collegiate Athletic Association (NCAA Division II).

### ***Commuting Students***

Commuting students are encouraged to become involved in all aspects of campus life. During class breaks, commuting students can meet with friends, relax, and study in one of several lounges provided by the University. Lounges are found in the Holbrook Building, in the Herbert Bridges Building, and in the Dickson-Palmer Student Center. The parking lot next to the library is designated commuter-only. To facilitate communication between the student body, faculty, and administration, it is highly recommended that commuting students maintain a campus mail box in the campus post office.

### ***Cultural Programs***

In keeping with the belief that diversity of experience is essential to a well-rounded education, Wingate University provides varied opportunities for cultural enrichment outside of the classroom. Each year, the University sponsors a Lyceum series that includes speakers, performances, and activities designed to enlighten, enrich, and entertain. In addition to engaging a wide spectrum of outside musicians, speakers, and ensembles, the University draws upon the talents of its own music, art, and drama departments. Students and faculty alike participate in the Chamber Choir, University Singers, Symphonic Band, Jazz Ensemble, Gospel Choir, theatrical productions, and art gallery showings. Our proximity to Charlotte also provides students with year-round opportunities to enjoy the Charlotte Symphony, Charlotte Repertory Theatre, North Carolina Dance Theatre, Opera Carolina, Spirit Square, and the Mint Museum.

### ***The Dickson-Palmer Student Center***

The Dickson-Palmer Student Center plays a central role in student life at Wingate. As well as serving as the headquarters for several student-run organizations, the center offers an exercise room, aerobics classes, the Klondike grill, a television lounge, study areas, the bookstore, and the student post office. There are local congregations of all major denominations within a short drive of the Wingate campus, and the University chaplaincy includes Baptist, Presbyterian, Methodist, Lutheran, Episcopal and Catholic churches. Within metropolitan Charlotte, there are congregations and organizations representing a wide variety of religions.

Wingate faculty members are personally dedicated to nurturing the religious faith of their students. They participate in area churches and believe that Christian truth can be integrated into the classroom as well as lived out in both individual lives and the life of our community of faith.

## ***Student Government Association (SGA)***

Students may earn a maximum of 30 semester hours of credit toward a baccalaureate degree by examination (*see Chapter 4, credit by examination*).

## **Early Admission.....**

Students with superior ability and maturity may wish to begin their college work prior to graduating from high school. To be considered for admission under this program, the student must display academic standing above the midpoint of our most recently enrolled freshman class. Indications for this determination will include GPA or class rank and SAT I or ACT scores. Beyond normal application procedures, the student must interview with a member of the admissions staff and must submit written verification that proper approval from secondary school officials has been obtained guaranteeing issuance of the high school diploma after successful completion of freshman year course work at Wingate. Admissions decisions are made on a case-by-case basis. For further information, contact the Office of Admissions.

## **Early Decision .....**

The Early Decision Plan at Wingate University is an available option for students who have decided that their first choice university is Wingate. Students applying for Early Decision should submit a formal application by December 1 of their senior year. Therefore, entering students are required to submit scores from either the Scholastic Aptitude Test (SAT I) or the American University Testing Program (ACT). The University prefers that these scores be sent directly from the testing centers to the Office of Admissions. Information on test dates and testing centers is available in most high school guidance offices.

International students must submit test scores from the Test of English as a Foreign Language (TOEFL). A score of 550 or better is required for admission.

Prospective students who have been out of high school for five or more years and transfer students with 24 or more transferable hours are not required to submit SAT I or ACT scores.

## International Baccalaureate Program .....

Students who score five, six, or seven on the Higher Level Examinations of the International Baccalaureate may receive credit toward a baccalaureate degree. Students should send scores to the Office of the Registrar. A list of approved courses and the amount of academic credit awarded may be obtained by contacting the Office of Admissions.

## Reasonable Accommodation.....

Wingate University does not discriminate against qualified individuals with disabilities. Moreover, as required by law, the University will provide reasonable accommodations to the known disabilities of otherwise qualified applicants for admission or students with disabilities in all education programs, activities, services and practices, including application procedures, admissions, student assignment, course assignment, the awarding of degrees, discipline, withdrawal, and dismissal. Educational opportunities generally will not be denied to an otherwise qualified applicant or student because of his or her disability or because of the need to make reasonable accommodations to the physical or mental impairments of such individuals.

Disabled applicants or students who feel they need such assistance should contact the Office of the Dean of Students. A copy of the University's policy concerning Provision of Reasonable Accommodation for Education Programs, Activities and Other Services is available upon request.

## ***Books and Supplies***

Textbooks and necessary class materials are on sale in the Campus Store. A complete line of University supplies is available.

## ***Check Acceptance***

The Business Office will accept checks only for payment of accounts. The University suggests that an account be established with a local bank.

The Campus Store cashes checks up to \$50 with a valid student ID card.

## ***Deposit (Enrollment)***

A first-time full-time residential student must pay a \$200 deposit prior to enrollment; \$100 of this amount is a room deposit applicable to the first semester of enrollment. A full-time commuting student must pay a \$100 deposit. All part-time students must pay a \$25 deposit prior to enrollment. Wingate will hold the deposit throughout the student's educational career at the University. University fees, fines, returned checks, facilities damage charges, and other miscellaneous charges, if not paid in the usual manner, may be deducted from the deposit. After a student has been enrolled for at least one semester, the deposit, less appropriate deductions, will be refunded within 60 days after any of the following:

- graduation with a baccalaureate degree
- failure to re-enroll for the fall semester
- receipt of a written request from a student who is no longer enrolled

To secure a dormitory room, returning students, including those on scholarship, must pay a deposit of \$100. This deposit is applicable toward the semester's dormitory fee for which it is made.

## ***Expenses***

Charges are based on a maximum student load of 18 semester contact hours. After the tenth day of classes, a student will be charged for extra hours at a rate of \$385 per semester hour. Failing to drop a class by the last day of drop/add means financial responsibility for any hours more than 18. Students taking less than 12 semester hours are classified as part-time students and are charged tuition at the rate of \$385 per semester hour. There is a \$100 general fee for students taking seven to 11 hours per semester.

## ***ID and Meal Cards***

To receive withdrawal credit for board, a student must submit the Wingate I.D. card (meal card) to the Business Office. Withdrawal may require refunds to some student financial aid programs. This policy applies to students who officially withdraw during any regular session of the University.

## ***Insurance (Medical)***

Medical insurance is available to each full-time student. Students who wish to participate in this program may request a brochure from the Business Office.

## ***Refund/Overpayment Policy***

A refund refers to the University charges returned to the student and/or to the financial source that covered those charges. Refunds are made within 30 days of the student's withdrawal.

Students who withdraw from Wingate University on or before the first class day of a semester will receive a full refund of any payment made toward tuition, fees, room and board.

For students who withdraw after the first day of class during a semester, the following institutional refund policy for tuition, fees, room and board will be in effect:

- 90% refund when withdrawal is after the first day of class during a semester and before the end of the first week of class
- 80% refund when withdrawal is during the second week of class
- 60% refund when withdrawal is during the third week of class
- 40% refund when withdrawal is during the fourth week of class
- 20% refund when withdrawal is during the fifth week of class

The date of withdrawal is the date that the official withdrawal form is received by the Office of the Registrar or the date of withdrawal specified by the student, whichever is earlier. The semester begins with the first day of class. The first week of the semester is the seven-day period that begins on the first day of class. The point of withdrawal is measured in weeks, and the student is considered to have withdrawn within a given week, as defined above, if the withdrawal date is prior to the end of that week.

For students who are in their first semester at Wingate University and withdraw on or before the 60% point in the semester, the refund amount is calculated using the statutory pro-rata refund policy set forth by the U.S. Department of Education. The pro-rata refund is calculated based on the pro-rated charges for the remaining weeks in the semester.

For all other students receiving any federal financial aid, the federal refund policy may be in effect. Information regarding this policy is available in the Office of Student Financial Planning.

The refunds to students who are receiving financial aid will be distributed in the following order, as prescribed by federal law and regulations:

- 1) Unsubsidized Federal Stafford Loans
- 2) Subsidized Federal Stafford Loans
- 3) Federal Parent Loans for Undergraduate Students
- 4) Federal Pell Grants
- 5) Federal Supplemental Educational Opportunity Grants
- 6) Other federal aid
- 7) State financial assistance
- 8) Private or institutional student financial assistance
- 9) Student

*Note: A student's official withdrawal form serves as the refund request.*

An overpayment refers to the student's receiving a cash disbursement of financial aid funds that the University makes to the student (*excluding student employment, Federal Stafford Loans, and Federal PLUS Loans*) to cover educational expenses other than institutional charges. To decide any overpayment owed by the student, the University will subtract the non-institutional costs that the student incurred while he or she was enrolled from the amount disbursed to the student, excluding the employment and loan refunds referenced above. Overpayments are made, in order, to the Federal Pell Grant Program, the Federal SEOG program, and then to any outside grants and scholarships.

Contact the Business Office or the Office of Student Financial Planning for more information or to receive case study examples of this policy.

### **Statement of Student Responsibility**

Payment of all applicable basic charges for the semester is due upon registration. The student is responsible for making sure payments are made. The student will be held responsible for any interest, penalties, collection cost and/or attorney fees.

An account not paid in full is subject to collection.

## **Student Financial Planning .....**

The Wingate University Office of Student Financial Planning welcomes the opportunity to help students and their families who seek information on scholarships, grants, student loans and on-campus employment. All students who plan to apply for financial aid must complete the Free Application for Federal Student Aid (FAFSA) and the Wingate University Application for Financial Aid.

Many financial aid programs are awarded based on need as determined by information submitted on the FAFSA. To receive maximum consideration for all available financial aid programs, the FAFSA should be filed by March 1 prior to each academic year for which a student wishes to be considered for financial aid.

Financial aid programs vary as do the needs of students. Grant assistance is gift or entitlement aid and carries no repayment obligation. Student loans are long-term, low interest loans, which may be repaid after the student completes his or her education. Many students obtain jobs on the campus and are paid monthly for hours worked.

Financial assistance is awarded in a package which may include one or more of the financial aid programs. All financial aid awards, including athletic, academic, and outside scholarships are coordinated through the Office of Student Financial Planning. The total financial assistance awarded will never exceed the costs related to attending Wingate University.

Scholarships, grants, and student loan proceeds may be applied to the cost of attending Wingate University and are generally credited directly to the student's account. Earnings from campus jobs are paid directly to the student; therefore, they are not used as a credit toward the student's account.

### **State and Federal Aid Programs**

**North Carolina Legislative Tuition Grant:** The State of North Carolina provides a grant to each North Carolina resident enrolled as a full-time undergraduate student in a North Carolina independent university. The amount available to students during 1997-98 was \$1,450. Students who seem eligible for this program will be sent the appropriate forms to verify residency.

**North Carolina State Contractual Scholarship Fund:** Funds for this grant program are made available by the State of North Carolina to aid residents of North Carolina. Award amounts vary. Eligibility for this program is based on state residency and financial need as explained by the Free Application for Federal Student Aid (FAFSA) filed by the student.

**Federal Pell Grant:** Awards from this federal grant program range from \$400 to \$3,000 during the 1998-99 year. The U.S. Department of Education determines eligibility, using the Free Application for Federal Student Aid.

**Federal Supplemental Grant:** Awards from this federal grant program are made to students who receive the Federal Pell Grant based on the availability of funds.

**Federal Work-Study:** In this joint federal-university program, part-time employment is made available to students. Students work an average of 10 hours per week and receive payroll checks monthly. Students are paid the minimum wage.

**Federal Stafford Loan Program:** Lenders in this federal program provide long-term, low-interest loans to students. Freshmen are eligible for \$2,625; sophomores, \$3,500; juniors and seniors, \$5,500 per academic year. Payments may be deferred if the student is enrolled at least half-time (6 hours). Information on lenders is available through the Office of Student Financial Planning.

*Notes: All of the above programs with the exception of the North Carolina Tuition Grant require the filing of the Free Application for Federal Student Aid (FAFSA).*

## ***Financial Assistance Alternatives***

For families who do not qualify for federal or state financial assistance or whose financial assistance does not cover the entire cost of university attendance, there are several alternatives. Some of these are listed below (*contact the Office of Student Financial Planning for more information*).

**Equal Payment Plan:** Families may divide the cost of tuition, fees, room and board into eight (8) equal payments. There is a \$50 participation fee; however, Wingate charges no interest throughout the year. Payments are due the first day of each month, September-April. Payments may be made using VISA, MasterCard or Discover.

**Federal Parent Loan for Undergraduate Students (PLUS):** Lenders who process the Stafford Loan for students also make available the Federal PLUS Loan for parents of undergraduate students. Interest rates are tied to 91-day Treasury Bills. Repayment begins after disbursement of the loan.

**Additional Unsubsidized Federal Stafford Loan:** This loan is for independent students enrolled at least half-time who need funds in excess to the maximum subsidized/unsubsidized Stafford Loan awards. This loan is also available to dependent students whose parents are not eligible for the Federal PLUS loan.

## ***Academic Merit Scholarships***

Academic Merit Scholarships are administered through Wingate University's Scholars Competition. These scholarships are awarded annually to qualified high school seniors who submit admissions applications and other documents pertinent to admission. ***Additional scholarship applications are not required.*** After admission to the University, the academic credentials of each student are reviewed to determine scholarship eligibility. Qualified students are notified of scholarship awards in writing.

Students are eligible for only one Academic Merit Scholarship. Information is available from the Office of Admissions.

**Irwin Belk Scholarships** are available to exemplary students who are in the top 5% of their high school graduating class or have a 3.80 GPA on a 4.00 scale and who have a minimum SAT I score of 1300 or ACT of 30. Awards range up to full tuition. The number of Belk Scholarships is limited and may also include a competitive interview.

The Belk Scholarship is renewable for a maximum of eight consecutive semesters. Students receiving Belk Scholarships must achieve a minimum cumulative GPA of at least 3.40 at Wingate and maintain full-time enrollment in consecutive semesters.

**Trustee Scholarships** are available to outstanding entering freshmen. These scholarships are based on high school grades, test scores, and class rank. Trustee Scholarships begin at awards of \$4,000 per academic year and are renewable for a maximum of eight consecutive semesters. Trustee Scholars must achieve a minimum cumulative GPA of 3.00 at Wingate and maintain full-time enrollment in consecutive semesters. A significant number of awards are available to students who qualify for this program.

**Wingate Merit Awards** are available to entering freshmen based on academic achievement, leadership, enthusiasm, and character. They are renewable for a maximum of eight consecutive semesters. Students receiving Wingate Merit Awards must maintain a minimum GPA of 2.00 at Wingate and remain enrolled full-time in consecutive semesters.

**Transfer Student Scholarships** are administered through the Office of Admissions. Students who have achieved a 3.00 GPA at previous colleges are eligible for awards up to \$3,000 per academic year; students with GPA's of 3.50 are eligible for awards up to \$4,000 per academic year. Students should have a minimum of 24 semester hours of acceptable transfer work. Members of Phi Theta Kappa are eligible for a \$4,000 Academic Scholarship per academic year and are not eligible for additional merit awards. Transfer Scholarships are renewable when recipients maintain a cumulative GPA of 3.00 at Wingate.

**Presidential Academic Merit Scholarships** may be awarded to continuing students who are enrolled at Wingate and have distinguished themselves academically, but who were not awarded academic scholarships upon their entry into Wingate University. A minimum cumulative GPA of 3.30 is required for consideration for this program.

*Note: These awards may be renewed annually for up to two additional years after the first year of eligibility.*

### ***Church-related Scholarships***

These scholarships and grants are administered annually through the Office of Student Financial Planning. More information is available from that office.

**Partners in Education** matching grant program is available to North Carolina students in cooperation with their local Baptist churches in which they hold membership. When a local church donates toward a student's grant each year, Wingate University will match up to \$350 of that donation to create a partnership grant totaling up to \$700 per year. Students participating in this program must be enrolled full-time in an undergraduate program.

**Coy Muckle Scholarship** was established to assist ordained ministers who are employed full-time by a cooperating Baptist church. The scholarship recipients must be seeking their first baccalaureate degree and may be enrolled full or part-time. The scholarship is a part of the total financial aid package and amounts may vary, but all recipients are assured a minimum grant package equal to their tuition charges. All Coy Muckle Scholarship recipients must complete the current financial aid applications and the Coy Muckle Scholarship Certification. Students who are classified as "dependent" for federal financial aid purposes are not eligible for this program.

Students must maintain a cumulative GPA of at least 2.00 and meet the University's Satisfactory Academic Progress Guidelines. Scholarships will be awarded annually and all application materials must be submitted no later than August 1.

Students who intend to enroll only for the spring semester must submit all materials prior to December 1.

**Church Youth Leader Award** is a limited grant available to students who have been outstanding leaders in their local church youth groups. A letter of recommendation from the church's youth minister or senior minister is required for consideration.

### ***Ministerial Dependent's Grant***

- Students requesting additional financial assistance must complete the Free Application for Federal Student Aid (FAFSA) and the Wingate University Application for Financial Aid.

To qualify, the student must be a son, daughter, grandson, or granddaughter of a Wingate alumnus. The student and parent (or grandparent) must request a **Legacy Award** application, complete and mail it to the Financial Planning Office at Wingate University.

Students who are eligible will receive a one-time \$500 grant during their first full academic year at Wingate. To obtain an application, call Wingate University at (704) 233-8209 or (800) 755-5550.

## ***Music Scholarships***

Music scholarships, based on a performance audition, are awarded annually to students who plan to major in music. The student must perform three contrasting selections representing an advanced level of study. For more information about the scholarships and the audition dates, contact the Department of Music.

## **Satisfactory Academic Progress Guideline .....**

To be eligible for any type of financial assistance, students must show evidence of satisfactory progress toward graduation. Although certain scholarships and grants require specific grade point averages, students must maintain the minimum academic requirements as outlined in the chapter on Academic Policies in this catalog.

In addition, full-time students must earn a minimum of 24 semester hours credit within the academic year, including summer school, to be eligible for financial aid the following academic year. Students enrolled full-time for only one semester must earn a minimum of 12 semester hours. Part-time students must earn the hours attempted.

Wingate will review the academic records of all students receiving financial aid at the end of each spring semester for satisfactory progress. Students not meeting the minimum requirements will be notified and will have the responsibility of making themselves eligible before the beginning of the next academic year.

The maximum period of eligibility for financial aid is 10 semesters of full-time enrollment. Exceptions to this rule may be made for compelling reasons. Students denied financial assistance on any of these grounds may appeal in writing to the Financial Aid Appeals Committee. Students will receive written notification of the committee's decision.

## **Veterans Benefits .....**

Veterans may qualify for financial assistance according to their length of military service. Widows and children of veterans who died or were disabled as a result of service-related injury or disease may also be eligible for educational benefits. In order for the Office of the Registrar to complete an enrollment certification, the student must have received a letter of certificate of eligibility from the Veterans Administration. Information may be obtained from the Veterans Administration or from a veterans service officer.

## Chapter 4

# ACADEMIC POLICIES

Wingate University seeks to educate students for a world that is constantly changing. In keeping with that goal, Wingate has developed a program to provide breadth of experience in the liberal arts and to develop in students an awareness of and appreciation for some major concerns of the human race. Additionally, the University feels that this broad core of general education should be balanced with a course of preparation for a vocation or profession.

The work done to fulfill the requirements for a degree will fall into three categories: first, the basic requirements necessary for all degrees; second, the additional requirements for a particular degree; and third, the courses in the major and minor fields of concentration and the other courses needed to complete a chosen curriculum. Thus, each student will be introduced to the liberating views of diverse disciplines.

## Degree Requirements .....

### *Graduation Requirements*

To receive the Bachelor of Arts, the Bachelor of Fine Arts, the Bachelor of Science, or the Bachelor of Music Education degree from Wingate University, a student must meet the following requirements:

(This requirement is normally satisfied by completion of the general education requirements)
- Completion of a minimum of 125 hours
- Completion of a program of study (*at least 40 semester hours must be in courses numbered 300 or above, except in the biology major that requires at least 34 semester hours in courses numbered 300 or above*)
- Maintenance of a 2.00 cumulative GPA on all college-level work and a 2.00 cumulative GPA on all courses in the major (*including major requirements and all 300-400 level courses attempted in the major--departments may specify grade requirements for certain courses*)

- Discharge of all financial obligations to the University

**Total General Education Core Requirements = 44-45 hours**

\*English 100 is required of incoming freshmen with low verbal SAT scores or low high school ranking, except those exempted by a departmental proficiency test. Students who earn a “C” or higher in English 100 may enroll in English 102 to complete freshman English requirements. Those earning a “D” must complete 101 for repeat credit before enrolling in 102. Those who fail English 100 may repeat the course after a counseling session assessing their commitment to earning a college degree.

**\*\*English 102 is a prerequisite for all subsequent literature courses; only 6 hours of English at the freshman level may be counted toward graduation.**

**\*\*\*Any literature course offered by the English department at the 200 level or above or any foreign language literature course above the 200 level. Does not include Education 323 (Children’s Literature) or Education 325 (Adolescent Literature).**

**Additional General Education Requirements**

Bachelor of Arts degree ..... 9  
 Literature (3)  
 Foreign Language through intermediate level (6)

Bachelor of Science degree ..... 6-8  
 Math (3-8)  
 Science (4-8)

Bachelor of Fine Arts degree ..... 9  
 Art Studio (6)  
 Art History (3)

**Additional Bachelor’s Degree**

To receive an additional Wingate University bachelor’s degree, a student must:

- Receive written permission to pursue a second degree from the Provost and the chairperson of the division in which the student wishes to major
- Complete all requirements for the second degree
- Earn a minimum of 30 additional semester hours in residence after the awarding of the first degree

*Note: Two degrees may not be awarded at the same commencement exercise.*

**Evaluation and Grading Policies.....**

**Grading Policy**

Students are evaluated continually during the semester and grades are assigned at the conclusion of the course. Final examinations are given on work covered during the entire semester. The following grading symbols are recorded:

- A      Excellent
- B      Above average
- C      Average
- D      Passing
- F      Failure
- P      Pass (for courses offered on P/F basis)
- H      Pass with honors (for courses offered on P/F basis)
- I      Incomplete
- CE     Credit by Examination
- W      Withdrawal
- R      Indicates the course has been repeated and the letter grade to the right of the “R” is the new grade that replaces the previous grade (see Chapter 4, repeat course policy).

Minus (-) or plus (+) signs may be attached to each grade of “A”, “B”, “C”, and “D”, but this does not affect the quality points assigned for those grades.

## ***Grade Point Average (GPA)***

The student's GPA is calculated by dividing the quality points received by the number of hours attempted. The grade of "A" carries four quality points per credit hour, a "B" three, a "C" two, and a "D" one quality point.

A course in which credit is given on a pass/fail basis is not used in the calculation of the GPA if a grade of "P" is earned. The grade of "F" on a P/F course is used in the GPA calculation. An average grade of "C" on all hours attempted is required for graduation.

## ***Grade Reports***

Reports of progress are kept by the University on all students, and grades are issued one week after final exams.

## ***Incomplete***

The grade of "I" shows that some requirement of the course is not yet complete. A student receiving an "I" is expected to initiate steps with the professor to change this grade. A grade of "I", which has not been changed before 30 calendar days of the next regular semester have elapsed becomes an "F." An extension may be granted by the Office of the Provost upon written request of the professor.

## ***Mid-Semester Grade Reports***

Progress reports indicating courses on which the student is earning less than a "C" will be issued at the middle of the semester to freshman and sophomore students. These do not become a part of the permanent record.

## ***Repeat Course Policy***

A student may repeat a course that was previously completed. Only the last grade earned is used in the calculation of the GPA. All grades are shown on the transcript. A course may be repeated twice under this policy. This applies only to courses taken and repeated at Wingate University. All grades are included in the calculation of the GPA for honors at graduation. The student is responsible for informing the Office of the Registrar any time a Wingate University course is repeated.

A student may not repeat a course that is a pre-requisite for a course for which he has earned credit.

A student may repeat a course under the repeat policy a maximum of two times. Retaking a course more than twice will not remove the last grade from the GPA.

## ***Withdrawal***

Any student voluntarily leaving the University before the close of the term must withdraw officially. The student initiates the withdrawal procedure with the Assistant Dean of Student Development. The withdrawal form must be signed by the various University officials listed on the form. The withdrawal process is completed at the Business Office. If a student withdraws up to one week after mid-semester and has settled all accounts with the University, he or she will be given an honorable dismissal and will receive "W"s for the semester's courses.

In extenuating circumstances a student may withdraw from the University after the deadline. This may be done only with the approval of the Provost. The Office of the Provost has the sole authority to assign the grade of "W".

# General Academic Policies and Information .....

## Academic Honors

### Commencement

At Commencement, students with a cumulative GPA of 3.50 or higher are graduated with honors as follows:

Summa cum laude .....	3.90 and above
Magna cum laude .....	3.65 to 3.899
Cum laude .....	3.50 to 3.649

Graduation with honors is determined by the overall GPA on *all undergraduate work* attempted at any accredited school and on all credit attempted at Wingate University. Transfer work will not raise the Wingate average.

### Semester

Each semester a President’s List includes those students who have earned a term GPA of 3.80 on at least 12 quality point academic hours and have no grade below a “C”.

Each semester a Dean’s List includes those students who have earned a term GPA of 3.30 on at least 12 quality point academic hours and have no grade below a “C”.

## Academic Standards

### Probation

Academic Probation is determined by the cumulative GPA that a student earns on credit courses. At the conclusion of a semester, the Provost will notify the student by mail if the cumulative GPA is below the minimum. In such case, the student will be placed on academic probation for the next regular semester. Probation is determined only from permanent grades at the conclusion of a semester; mid-semester progress reports are not included in GPA calculations.

Minimum cumulative GPAs:

Hours Attempted (plus transfer credit)	GPA
1-23 .....	1.40
24-56 .....	1.60
57-86 .....	1.80
87-above .....	2.00

*Note: A student must have a 2.00 cumulative GPA to qualify for the Baccalaureate degree.*

### Suspension (Academic)

A student who is on academic probation at the end of two successive semesters will be academically ineligible for the next semester. A student who fails all hours attempted will be ineligible to enroll for the next semester.

A student who is academically ineligible who wishes to apply for reinstatement should send a written appeal to the Committee on Academic Appeals, in care of the Provost, to review his or her academic records and decide eligibility.

## ***Advising***

Wingate University is committed to providing academic advice and personal guidance for its students. Each student has an advisor who helps plan the student's academic program and meets with the student periodically throughout the year. Freshmen are assigned special faculty and student co-advisors to help with unique freshman concerns.

Advisors help students develop individual academic programs that include Wingate's specific degree requirements and the student's career objectives. While advisors have resources to aid students in academic planning, the responsibility for meeting the requirements of a specific degree rests with the individual student.

The Director of Advising and the Director of Career Services are available to advise students about careers. Advisors in the science-related professions, in theology, law, and in other professions help students select majors, minors, and electives that will provide adequate preparation for professional post-baccalaureate study.

## ***Army Reserve Officer's Training Corps (ROTC)***

Wingate University has a cooperative program with the University of North Carolina at Charlotte under which Wingate students may enroll in the U.S. Army Reserve Officers' Training Program (ROTC). Both men and women are eligible for this program and must travel to either the UNC-Charlotte campus or the Charlotte Reserve Center to take instruction and training. Wingate University also offers the voluntary Air Force Reserve Officers Training Corps (AFROTC) Program in cooperation with UNC-Charlotte within the terms of the existing agreements between member schools of the Charlotte Area Educational Consortium. The program is available to all students with at least two years of education remaining. Detailed information on these programs is available in the Office of the Registrar and from the Department of Military Science, UNC-Charlotte, Charlotte, N.C. 28225.

## ***Attendance***

Regular class attendance is a student's obligation and a student is responsible for all the work, including tests and written work, of all class meetings.

Each faculty member defines his or her own absence policy and so informs students on the first day of classes. Students who represent the University at officially recognized activities are responsible for making necessary plans for class absence with each professor before the absence.

The University maintains the regular schedule of classes throughout the semester. Classes are not canceled due to inclement weather and students are responsible for all the work of class meetings missed due to inclement weather.

## ***Auditing***

Students may audit courses with the permission of the professor and the Registrar. If it causes an overload, or if the student is part-time, the audit fee of \$175 is charged. This fee is not refundable if the student withdraws from the course for any reason. Students may change audit status to credit status only within the first four weeks of the semester and upon additional payment of tuition required for part-time credit or overload credit, if either applies. A for-credit course may not be changed to audit status once the withdrawal period has lapsed (*one week after midterm*). This change requires approval of the professor and the Registrar.

## ***Bankruptcy (Academic)***

A student who has earned poor grades that may prevent him or her from graduating may petition the Committee on Academic Appeals for academic bankruptcy for one complete term or for consecutive terms including all work before a given date. The bankrupt term(s) is noted on the student's transcript and the student forfeits credit for all courses during that term(s). Grades from the bankrupt period are not calculated in the student's GPA, although they remain on the transcript.

All grades are included in the calculation of the GPA for honors at graduation. To be considered for bankruptcy, a student must demonstrate that:

- Poor performance for the term(s) for which bankruptcy is requested is not typical;
- Poor performance was due to extenuating circumstances;
- The cause of the poor performance has been alleviated, and the student has displayed responsible scholarship.

Once bankruptcy status has been granted, the action is irreversible. A student may request bankruptcy once only.

Students granted bankruptcy may request a letter of explanation to accompany the transcript when sent to a prospective employer or to other institutions.

Certain colleges, universities, and professional schools do not honor a bankruptcy policy.

### ***Catalog Year***

A student's catalog year is that of his entering academic year. A student may request graduation under any catalog published following his enrollment, if the catalog is no more than six years old at the time of graduation. A former student who has not attended the University for more than one semester must meet the requirements for graduation at the time of reentry. The University may make reasonable course substitutions when the change of academic requirements prevents the student from completing graduation requirements.

### ***Changes in Registration (Drop/Add)***

A student may add a new course during the first four days of a semester and receive full credit, provided he or she follows prescribed procedures for adding the course and takes responsibility for all work required before the time of the addition of the course. A Schedule Change Form is required, and students must request this form from their advisors.

If a student withdraws from a course during the first four days of the semester, the course is deleted from the record. A student may withdraw from a course at his or her discretion up to one week after mid-semester, and receive a "W" on the academic record, provided the student secures the approval of the advisor, the faculty member, and the Registrar. A student's GPA is not affected by a "W". A Course Drop Form, which must be obtained from the advisor, is required for this procedure. A student may not withdraw from a course after one week after mid-semester. After the third Friday of a regular semester, students will not be refunded money for courses dropped (*see Chapter 3, refund/overpayment policy*).

### ***Charlotte Area Educational Consortium (CAEC)***

Wingate participates, with eleven other institutions of the greater Charlotte area, in an educational consortium. The purpose of the consortium is to facilitate cooperation and to make available to students at member institutions opportunities available on other member campuses.

Wingate students enrolled as full-time undergraduates during a fall or spring semester may take courses offered on the campus of the ten other Charlotte area cooperating schools. Cross-registration is done on a space-available basis on the campuses to be visited, and students are not required to pay additional fees.

Wingate students provide their own transportation. Details for cross-registration are available from the Registrar.

### ***Classification***

A student is considered a freshman upon entry into the University and is classified as a freshman until 24 hours have been completed. A student is classified a sophomore upon completion of 24 hours and 6 Lyceum credits; a junior upon completion of 57 hours and 12 Lyceum credits; and a senior upon completion of 87 hours and 18 Lyceum credits.

## **Commencement**

A student is expected to be present at commencement to receive a diploma. Should a circumstance beyond the student's control require absence, the student should make a written request for permission to the Registrar at least 30 days before commencement. A student must complete a Commencement Application with the Office of the Registrar by January 2 of his senior year.

## **Credit by Examination**

Students may earn a maximum of 30 hours toward the baccalaureate degree by examination.

A maximum of 15 hours may be earned by satisfactory scores of three, four, or five on the Advanced Placement of College Entrance Examination Board (CEEB) achievement tests, scores of five, six, or seven on the Higher Level Examinations of the International Baccalaureate, or for University level work completed at an accredited University while the student is enrolled in secondary school. An additional 15 hours may be earned on subject exams of the University Level Examination Programs (CLEP).

Wingate will allow credit for a maximum of 15 hours for DANTES courses which are compatible with the curriculum of Wingate University and on which the student score ranks at the minimum of the fiftieth percentile of the testing group.

Credit by departmental examination is available for students enrolled in any course that Wingate University teaches, subject to the following restrictions:

- A student may earn no more than 6 hours credit by departmental examination in any given semester.
- A full-time student may request the opportunity to demonstrate proficiency anytime before midterm. The student must secure permission from the professor who will administer the examination, from the department chair, from the Assistant to the Provost, and from the Registrar. The necessary form may be secured from the Office of the Registrar. Before an exam is given, the student must pay a \$150 non-refundable fee to the Business Office. If proficiency is demonstrated in the first week of classes in any semester, the student will be permitted to enroll in another course.
- Students enrolling in another course in a given semester will pay a fee of \$375 for each credit hour more than 18 if the total credits attempted in that semester exceed 18.
- In any course involving laboratory experience, credit by examination must be earned by separate examinations in the lecture and laboratory portions of the course.
- Courses requiring proficiency in specific methods and/or techniques (*performance groups, supervision, and/or observations in the field*) are excluded from any credit by examination.
- Credit will not be given for a prerequisite to a course for which the student has already received credit. Credit will not be given for a course for which the student has already registered, whether for credit or audit.
- The examination and its evaluation will be a collective decision of the departmental faculty.
- When proficiency is demonstrated, credit by examination (CE) will be shown on the transcript, but no grade points will be awarded.
- The acceptability for transfer to other colleges or universities of credit so earned is not guaranteed.
- Part-time students must pay a \$150 non-refundable fee to the Business Office before an examination is given. Additionally, if the student passes the examination, the student must pay to the Business Office one-half of the current per-semester-hour charge for the credit earned. Payment of all fees must be made to the Business Office before the recording of the grade on the student's transcript.

## ***Directed Study***

In rare instances, it may be necessary for a student to take a catalog course on an individual basis. The dean and the faculty member must approve such a request.

Approval is granted only under certain conditions:

- The student must have a cumulative GPA of 2.00.
- A student will not be allowed to take a directed study course to repeat a course in which a grade of “D” or “F” was previously earned.

## ***Foreign Study and Travel Credit***

Students participating in programs of international travel and study under authorized leadership may apply for elective academic credit. An official copy of the transcript must be filed with the Registrar. Credit is determined by the Registrar.

## ***Honor Code***

Membership in the Wingate University community is a privilege conferred by reason of demonstrated merit and sustained by a continuing commitment to high standards of performance and conduct. The University expects that all members of the community will voluntarily conduct themselves in a manner reflecting respect for all other members of the community. It is the responsibility of all Wingate University student to report any suspected violators of the Honor Code. The Honor Code states that:

- Wingate University students do not lie, cheat, steal, or plagiarize, nor do they tolerate in their company the presence of one who does.
- Wingate University students conduct themselves at all times in a manner that is conducive to the maintenance of a strong, positive environment for study and learning.
- Wingate University students obey the rules and regulations of the University as outlined in the *Student Handbook*.

## ***Independent Study***

Independent study involves an arrangement between a student and a professor approved by the student’s advisor for exploration of a particular subject or topic. The arrangement is normally initiated by the student who has in mind specific goals.

Candidates for the baccalaureate degree are encouraged to complete one course of independent study; some programs require at least one course of this nature. Each division offering a baccalaureate program has a course numbered and identified as independent study. The course may count toward the requirements for the major or as an elective, if a student wishes to pursue independent study in a non-major area.

Each independent study arrangement must be approved both by the chairperson of the division in which the student is doing the study and the dean at least 30 days before the onset of the study itself. Ordinarily, a student may enroll in only one three-hour independent study each semester. A 2.00 cumulative GPA is required for all students engaging in independent studies.

Students whose preparation and experience offer the opportunity for a highly individualized baccalaureate program may, in consultation with the advisor, present for approval a program with a large component of independent study. Students whose baccalaureate plan includes more than nine hours of independent study and more than 12 hours in a practicum, field experience, internship, etc., must submit an outline of their baccalaureate program to the Committee on Academic Affairs for approval.

Independent studies should be completed by the end of the semester in which the student is enrolled for that particular course. Incompletes are to be given only for medical and extenuating circumstances. Completion deadlines must be rigidly maintained.

## ***Overload***

Five courses (*15-16 hours*) are considered a normal course load. A student may choose to take up to 18 hours. Permission to take more than 18 must be obtained from the Office of the Provost. This permission is not given to students with less than a 2.00 cumulative GPA.

After the drop-add period, a charge of \$385 is assessed for each hour more than 18. There is no refund of this fee, no matter whether a student withdrew from a class or classes (*see Chapter 3, refund/overpayment policy*).

## ***Practicum, Field Experience, and Internships***

Baccalaureate programs at Wingate University may include practical experience as a major constituent. Plans for practicums should be made with both academic competency and career plans in mind. Experience should integrate various elements of the student's academic program. This experience should be planned by the student and the advisor, and approved by the Provost at least 30 days before the beginning of the experience. Credit may vary from three to 12 semester hours, depending upon the nature of the experience, its intensity and/or duration. This determination will be made by the student, the advisor, the departmental committee on independent study and practicums, and the Provost.

The student pays tuition and housing charges for the duration of the practicum. However, board fee for this period is not assessed unless the student resides full-time on campus.

## ***Registration***

To register for courses, a student must confer with his or her advisor, complete a course planning sheet, and take the course planning sheet to the Office of the Registrar at the appropriate time.

## ***Status***

A student who is enrolled in 12 semester hours or more is considered a full-time student. A student who is enrolled for less than 12 semester hours is considered a part-time student.

## ***Student Responsibility***

The student bears the responsibility for the selection of a program of study and adherence to all published regulations and requirements of the University, including the requirements for graduation.

## ***Summer Sessions***

In summer sessions, a student may complete up to seven semester hours per term. No tuition refunds are made during summer enrollment once classes have begun.

Students may withdraw from summer school up to one day after midterm without an academic penalty.

The same high standards of the University are maintained with regular faculty members serving as instructors. Living accommodations, dining and recreation facilities of the regular session are available (*contact the Office of Admissions for more information*).

## ***Transient Study***

Wingate students who wish to take a course or courses at another institution and transfer that credit to Wingate must obtain permission from the Office of the Registrar *before* taking the course. A student must have a cumulative 2.00 GPA to obtain permission to take a course at another institution and transfer that credit to Wingate University. According to degree requirements, the last 30 hours must be taken in residence at Wingate University.

While transfer credits of grade "C" or higher are accepted from other institutions, course work taken at other institutions does not raise a Wingate student's cumulative GPA. It will be considered in determining honors designations, although it cannot raise the Wingate average.

## ***Transcripts***

The official academic record for each student is maintained in the Office of the Registrar. A student has access to the record during normal office hours.

A student may receive copies of the transcript for personal use by making a written request or by signing a release form in the Office of the Registrar. A student may receive one copy free; all additional copies are \$5 each.

Transcripts will not be released if the student's account with the University is delinquent.

## ***Withdrawal (Involuntary)***

In certain cases, a student may forfeit academic responsibility during a semester by:

- Persistent failure to complete classroom assignments
- Habitual class absence
- Disruption and disturbance of fellow students

In such cases, the student may be required to withdraw from the University by the Provost. Students may appeal such involuntary withdrawals to the Provost within 48 hours of notification of the withdrawal action. The decision of the Provost shall be final.

## ***Writing Intensive Requirement***

The Wingate University faculty has designated several courses that include a significant writing component. These courses are:

## **Campus, Community, and Cultural Programs .....**

Wingate University prepares its students for University life, introduces students to community service needs, and exposes students to intellectual and artistic events.

## ***Freshman Experience***

The Freshman Experience Seminar is a one-hour course taken by all entering freshmen during the fall semester. The purpose of the course is to teach students the skills necessary for a successful transition from high school to the University. Specific topics may include goal-setting, decision making, choosing a major or career, time management, study skills, critical thinking, and assertiveness.

## ***Lyceum***

The Lyceum program is a series of cultural and religious enrichment. Full-time students must attend 24 events in their four years at Wingate University. Students must also make steady progress toward completing this requirement during their four years. To become a sophomore, 24 semester hours and 6 Lyceum credits are required. Juniors must have earned 57 semester hours and 12 Lyceum credits. Seniors must have completed 87 semester hours and 18 Lyceum credits.

## ***W'International***

Wingate University offers a unique study-tour program called “W’International” which makes an international experience available at minimum expense to the student. All regularly enrolled full-time students have one opportunity during their junior year to participate in the W’International program. (*See requirements below*).

The program is divided into two parts: class and tour. The weekly W’International classes include a general orientation to international travel and an in-depth study of the culture and history of the appropriate country(ies) and city(ies). Students are required to attend all class meetings and all general sessions. The course culminates in a study-tour opportunity of approximately 10 days in the country of study. Most tours occur during the Christmas recess from approximately December 27 through January 5. Classes are also offered during the spring semester with tours after Commencement.

The University covers the costs of transportation and lodging, so that a student can participate in W’International at little personal cost. At least one group travels to London but other destinations are available with a surcharge. This surcharge is due at the beginning of the semester of participation. The surcharge for each course/destination is identified during the W’International registration period. During the course and on the trip, the student is obligated to follow the professor’s instructions and demonstrate a high standard of character and maturity.

Students who complete the seminar with a “D” or higher and who complete the W’International tour satisfactorily receive two credit hours.

### **Requirements:**

- A minimum of one semester as a full-time student before participation.
- Junior class standing. A student who does not participate during their junior year forfeits their eligibility.
- 2.00 cumulative GPA by the beginning of the semester of participation.
- Students must reconcile any debts to the University before participation in the tour is permitted.
- A student must successfully complete the seminar with a “D” or higher to participate in the travel portion of the course.
- Students are allowed to register for particular courses on a first-come first-serve basis. The University does not guarantee a student’s first choice.

## ***Wingate-in-London***

The Wingate-in-London program combines both traditional textbook learning and first-hand experience to form an exceptional liberal arts adventure.

Wingate began its semester study/travel abroad program in 1982. Since then, approximately 20 students each fall have spent a semester in London under the direction of a University faculty member. Students are enrolled in at least 16 credit hours with at least ten hours taught by British professors.

The program is open to rising seniors, juniors, and sophomores, respectively. Students must have at least a 2.00 cumulative GPA and have completed at least one year and 24 hours credit at Wingate. Students are selected based on an interview and references to learn social compatibility with the group.

Each December, information is presented as to the selected director and cost. The cost of the program usually includes three group excursions: two in Great Britain and one on the European continent. The cost includes theatre tickets, some museum entrances, tuition, and other instructional fees as required by the instructors. All group excursions include transportation, accommodation, coach city tours, and continental breakfast (*contact the Office of the Registrar for more information*).

# Honors Programs.....

## ***University Honors***

The Honors Program at Wingate University challenges students of exceptional ability.

### **Admission**

Admission to the Honors Program for entering freshmen is by invitation from the Director of Honors. Entering freshmen are selected based on SAT I scores, high school records, and recommendations. Students who hold Belk or Trustee scholarships are expected to enroll in the Honors Program. Occasionally, Presidential scholars with strong records may be invited to participate in the program (see Chapter 3, *academic merit scholarships*). Exceptional students who are not in the honors program and have a GPA of 3.25 on all work attempted may be invited to join the honors program or may apply to the Director of Honors. Students may join the program at any time before the beginning of their junior years.

### **Curriculum**

To graduate with University Honors, students must complete a minimum of 18 hours of honors courses including two of three sophomore-level course. These courses are Honors 200 (Ideas in Literature), Honors 205 (Ideas in Fine Arts), and Honors 210 (Mathematical Masterpieces). Junior-level students must also take Honors 300 (The Making of the Modern Mind) or do an in-course honors project in a course in their major if extenuating circumstances so warrant. In order to substitute an in-course honors project for Honors 300, students must get permission to do so from both their advisor and the Director of Honors. To complete University Honors, students submit a special research project in their major (Honors 451).

Typically, students in University Honors will take English 101, 102 Honors and History 101, 102 Honors their freshman year. (If they have AP credit in English or U.S. History, they are encouraged to take Religion 110 Honors in place of the AP credit course.) They will take two of three courses, Honors 200, Honors 205, or Honors 210 their sophomore year; Honors 300 their junior year; and Honors 451 their senior year. Honors 200 meets the GER in literature. Honors 205 meets the GER in fine arts. Honors 210 meets the GER in math. Honors 451 completes the University Honors graduation requirement but is not calculated in the total credit hours earned. The Honors 451 designation and grade will appear on transcripts, however. Students will work closely with a professor in their majors to design and complete the University Honors project, a substantive study culminating in a thesis paper of appropriate scope and length. Graded projects are submitted for approval to other faculty in the chosen discipline and then forwarded to the Director of Honors who verifies the student's eligibility to graduate with University Honors and sends the official recommendation to the Registrar.

### **Extracurricular Dimension**

The honors student will also have the opportunity to participate in several social and educational activities outside the classroom. These will include special events on the Wingate University campus and off-campus excursions.

### **Honors Recognition**

Students who successfully complete the University Honors program will receive the designation "University Honors" on their transcripts and diplomas and will be recognized at Commencement. In addition, each honors course will carry the designation "H" on transcripts and grade reports no matter whether a student completes the entire program.

## ***Departmental Honors***

Any student may elect to do departmental honors work in the following fashion. Departmental honors is independent of University Honors.

### **In-Course Honors**

Students with a minimum GPA of 3.00 with no grade below “C” may request permission from professors to earn honors credit in a regular class by submitting proposals for extra work and projects in return for special attention and conferences. Proposals must be approved by the department in which honors work will be done by three weeks after the beginning of a semester and must meet all guidelines of the department. Students who earn honors credit will have it so designated beside the course number on their transcripts and grade reports (*example: History 202H*). Professors may have not more than four students doing in-course honors during a semester without permission from the Provost and the Honors Committee.

### **Departmental Honors Research**

The academically superior student at Wingate University has an opportunity to engage in intensive study in a major field through advanced independent research, experimentation, or creative activity. Listed in the catalog and on student transcripts as Honors Research 449, 450, this study is a two consecutive semester project for which the student earns credit of 2 or 3 hours each semester for a total of 4 or 6 hours credit.

To qualify for admission to Honors Research, a student must have a minimum GPA of 3.00 on all course work and a 3.50 in the major field.

An eligible student may register for Honors Research during any regular registration. After the Honors Committee verifies that the student is eligible, the student selects a tentative subject of research and a supervisory professor who is knowledgeable in the chosen field.

In consultation with the supervisory professor, the student designs a proposal in acceptable form outlining the research project and the research tools to be used. This proposal is submitted to the department for preliminary approval. The Honors Committee grants final approval of the proposal.

The student, with direction from the supervisory professor, must complete the project during two semesters. Upon completion of the independent research, the department will evaluate and endorse the project. The approved final draft will then be presented to the Honors Committee for its review.

If the Honors Committee, in consultation with the supervisory professor and department, judges the work to be of superior quality and the student has met all requirements for an honors designation, a recommendation will be made to the Provost that the student receives honors designation in the major and during Commencement. Honors Research judged not to be of superior quality by either the professor, department, or Honors Committee but is judged to be passing will be granted 4 or 6 semester hours of independent study credit in research, but not honors credit.

### **Departmental Honors Designations**

A student may earn honors designations in an academic major by completing one of the following options:

- A minimum of 12 semester hours of honors courses in a specific major, with at least six of the 12 hours in 300-400 level courses.
- A minimum of 12 semester hours of honors courses in a specific major, including five semester hours of Honors Research.

To earn an honors designation, a student must have a minimum GPA of 3.00 on all work and a minimum GPA of 3.50 in all honors work within the major. Honors designations are shown on transcripts, and students who complete an honors program are awarded special recognition during commencement exercises.

## **PROGRAMS OF STUDY**

## Degrees .....

Wingate University offers majors that lead to masters and baccalaureate degrees. Baccalaureate degree offerings include the Bachelor of Arts (BA), Bachelor of Science (BS), Bachelor of Fine Arts (BFA), Bachelor of Music Education (BME), and Bachelor of General Studies (BGS).

## Baccalaureate Majors .....

Wingate University offers more than 40 majors at the baccalaureate level. Students choose at least one major. (With the exception of the Bachelor of General Studies, which only requires a concentration). Requirements for majors are explained within their respective academic departments. The courses for a major may include introductory or basic prerequisite and higher level courses in the major discipline and/or related disciplines. Some majors permit or require a student to select an area of concentration that allows for more focus on a subdiscipline within the major subject area. Should a student pursue a second major, no more than two courses from the primary major can be counted toward the second major(s).

## Minors .....

To complement a major, students may choose a minor (*minimum of 18 semester hours*) in one of 32 areas. Wingate does not require minors. Minors should be in different academic department than the baccalaureate major. Each department defines minors in each discipline in which a minor may be earned (*see below*). No more than two courses counted for a major may also be counted for a minor (*except a biology and chemistry combination*). Likewise, no more than two courses counted for a minor can count toward another minor.

Possible minors include:

Accounting	Journalism
Aquatics Management	Management
Art	Management of Information Systems
Art History	Mathematics
Biology	Media Arts
Broadcast Journalism	Music
Chemistry	Philosophy
Coaching	Psychology
Business Economics	Public Relations
English	Recreation

## Electives .....

The student and advisor should carefully plan for electives that compliment the desired major. Electives may be chosen from any course offered by the University provided prerequisites are met. A student should consult with the advisor in choosing electives that will meet degree and career objectives.

## Explanation of Terms .....

Course numbers have the following meanings:

100-199	Primarily for freshmen, but may be taken by all students.
200-299	Primarily for sophomores, but may be taken by all students.
300-499	For juniors and seniors.
500-699	Graduate courses.

*Note: Courses numbered below 100 do not count toward meeting degree requirements.*

## The Bachelor of General Studies (BGS) .....

This degree program is for non-traditional students and for individuals whose college careers may have been interrupted. A student interested in the BGS degree must consult with the Registrar before applying for candidacy. To apply for candidacy the individual should have completed at least 40 semester hours of college work.

The BGS is a non-traditional degree designed to give the student a personal curriculum. The degree is not intended to meet professional standards and it is not intended to prepare the student for a particular vocation. Prospective BGS students should note the following information and guidelines:

The following core requirements must be completed:

- English 101, 102 (6)
- Literature (3)
- History 101, 102 (6)
- Fine Arts (3)
- Social Science (3)
- Natural Science (3-4)
- Speech 101 (3)
- Mathematics (3)
- Biblical Studies (3)
- Religion (Ethics) (3)

**Total hours = 36-37**

The following regulations apply to the BGS degree:

- A student must earn a total of 120 semester hours.
- A student must complete a concentration of at least 18 hours in one discipline in upper division courses.
- A student must successfully complete 40 semester hours of courses 300 level or above (including transfer courses).

- A student must attain a minimum 2.00 GPA on all work attempted at Wingate University.
- A maximum of 90 semester hours may be transferred from other accredited institutions; however, no grade below “C” may be transferred to Wingate University. Credits transferred from a two-year institution may not exceed 60 semester hours.
- Credit for any course may apply toward a degree only once, even if the course is repeated.
- The last 30 semester hours must be completed at Wingate University.
- A student must have competency in basic use of computers shown by taking a course in computer science or by showing that another course contains a substantial component of computer usage.
- Full-time students must attend a minimum of six Lyceum events each semester.

To be admitted to candidacy for the BGS degree, the student must:

- Visit the Office of the Registrar for an initial conference, credit evaluation, advising, and development of a personal plan of study;
- Submit a letter to the Registrar requesting permission to enter the BGS degree program, giving reasons for seeking the degree and indicating awareness of the practical usefulness of the degree. The letter should conclude with a detailed personal plan, including courses to be taken and an anticipated date for graduation, as worked out in conference with the Registrar;
- Be accepted and approved in writing by the Office of the Provost. The student becomes a BGS degree candidate after the personal plan has been approved.

## Health-Related Professions .....

### ***Pre-medical; Pre-dental; Pre-veterinary medicine***

Medical, dental, and veterinary schools specify the courses, but not the major, that must be taken for admission to their programs. Thus, for example, Pre-med students may select any major as long as they take the courses required by the medical school. Although the Biology curriculum, which includes the required courses, is often chosen by Wingate Pre-med students, other majors are also acceptable as long as any of the necessary biology, chemistry, math, and physics courses, not required in the other major, are taken in addition to that major’s requirements (*see pre-med note on Biology checklist in the Appendix*).

Admission to these schools is highly competitive and selective. Excellent study skills, self-discipline and motivation, a strong background in math and science, the ability to think, reason, and express ideas clearly are skills essential to successful academic performance. To be competitive for admission to professional school, students must attain a very high GPA (*especially in science courses*) and must earn high scores on the MCAT/DAT/VCAT entry test. In addition, students must have: appropriate volunteer or job experience in the area of interest; effective communication and interview skills; and strong letters of recommendation based on their reputation for excellence and personal integrity, and their demonstrated potential to succeed in the professional school curriculum.

Students planning on professional school should personally notify the Health-Related Pre-professional Advisor (Department of Biology) or Director of Career Services, and their freshman advisor, when they decide to pursue a pre-professional course of study. Periodic meetings with students who have identified themselves as pre-professional will cover various aspects of preparation, planning, and application to the programs.

## ***Pre-law***

There is no specific course or curriculum for Pre-law. Rather, the student is urged to consider those courses that will best enable him or her to develop the characteristics and qualities listed as criteria for admission, and to develop the ability to analyze problems, decide, and to enunciate those decisions fully both orally and in writing. Among the courses usually included in the preparation for law school would be such as history, English, composition, speech, economics, accounting, business law, and government. There are any number of majors that, with appropriate electives, will prepare the student for entry into law school and the profession of law. The student planning to attend law school is urged to meet with a Pre-law Advisor not later than during his or her sophomore year. Admission to a professional school, such as law, demands that preparation be commenced far before formal application for admission. Admission to law school is usually based upon several criteria, including the applicant's academic record and a bachelor's degree, the Law School Admission Test (LSAT) score, formal application, letters of recommendation/evaluation, and other factors such as employment experience, extracurricular activities, community involvement, commitment to high standards of morality and ethics, reasons for wanting to study law, competence in writing and speaking, emotional stability, maturity, initiative, motivation, and any other relevant information. The purpose of screening applicants for admission is to learn the probability of the student's success in law school and in the practice of law.

Competent, individual advice in the selection of courses and general counseling are of inestimable value to the Pre-law student. The Faculty Advisor Program at the University can guide the undergraduate in the preparation for graduate professional education.

## ***Pre-engineering***

Wingate provides a path for students planning to pursue a bachelor's degree in engineering. This program includes the necessary science, mathematics, economics, humanities, and social science courses. Including the general education requirements, students should complete the following courses for transfer to an accredited engineering program:

Chemistry 101, 102	Principles of Chemistry I, II
Physics 201, 202	Principles of Physics I, II
Math 120, 220, 304	Calculus and Analytical Geometry I, II, III
Math 310	Differential Equations
Economics 111, 112	Microeconomics, Macroeconomics

Additional humanities, social science, fine arts, language, and physical education courses are necessary to complete a full schedule of course work. Pre-engineering students will work closely with their advisor in selecting the appropriate courses for their field of interest and to fulfill the requirements of the engineering school.

# **Charles A. Cannon**

## **College of Arts and Sciences**

Dean: Jerry L. Surratt

The Charles A. Cannon College of Arts and Sciences represents the Wingate conviction that truth has a unitary character and that our knowledge and understanding of truth can be enhanced through the exploration of ideas in academic disciplines. These basic disciplines are so intertwined both in content and methodology that they frequently overlap in the experience of the learner. The interrelation of arts and sciences has deep roots in the Western intellectual tradition, from the classic formulation between the Greeks and Romans to the modern foundations of learning which emerged in the Enlightenment. One or more of these disciplines have been involved in most of the discoveries of truth about our world and ourselves since the beginning of human civilization.

In the Charles A. Cannon College of Arts and Sciences, Wingate University unites Art, Biology, Chemistry and Physics, Communications, English, History, Foreign Languages, Mathematics, Music, Psychology, Religion and Philosophy, and Sociology into an administrative unit -- an undergraduate college -- to clarify and strengthen our awareness of educational mission and purpose. While we recognize and value the unique contribution of our individual fields, we have the same quest for truth that we believe will flourish in a collegial community.

The arts and sciences provide rich resources to strengthen our solitary lives as individuals and to solidify our relationships with others in society. In a university environment, these disciplines provide many combinations for individual specialization in academic majors. Advanced study in many of these can become the foundation for professional careers and for lifelong learning.

We urge students to discern the unity and the diversity of truth that this university organization represents. We invite all learners, those with high school diplomas and those with doctorates, to join in a quest for knowledge and meaning which will expand our understanding of truth and will open yet new vistas for future generations.

# Department of Music .....

Professors: Martha S. Asti (Chair), Ronald D. Bostic, Judy F. Hutton, Kenneth C. Murray  
Associate Professors: John T. Blizzard, Stephen C. Ethers

## *Goals and Objectives*

The Department of Music exists to provide music instruction of high quality to students enrolled in music degree programs and to general university students. The specific objectives of the department are to offer:

- baccalaureate degrees in music which are appropriate to the students served;
- Music Survey and Humanities courses as options for the Fine Arts component of the University's general education requirements;
- elective courses in music for the general student population;
- performance opportunities in instrumental and vocal ensembles for all students;
- concerts, recitals, and master classes for music students, the campus community, and the public.

## *Degree Program Goals*

The Bachelor of Arts in Music with an emphasis in performance curriculum is designed to bring the student to the highest level of achievement on a principal performing instrument, supported by studies in advanced musicianship.

The Bachelor of Music Education curriculum is designed to prepare the student for certification to teach general music and also choral and instrumental music in public schools, grades K-12.

The Bachelor of Arts in Music is designed for the study of music within a liberal arts curriculum which emphasizes the literature of music and includes studies in musicianship and performance. When structured carefully, this degree can be combined with degree requirements in another discipline to create a double major in music and another field.

The curriculum for the Bachelor of Arts in Music with an emphasis in Business is designed to develop knowledge and skills in both major disciplines and then focus on a business career related to music.

The curriculum for the Bachelor of Arts in Music with an emphasis in Communications is designed to develop knowledge and skills in both disciplines and then focus on a communications career related to music.

## *Requirements for Music majors*

The School of Education provides the Wingate University Teacher Education Program that offers eleven majors (12 certification areas): Elementary Education (K-6), Middle Grades Education (6-9 Language Arts, Social Studies, Mathematics, and Science Biology and Chemistry Education (9-12), English and Education (9-12), History and Education (9-12), Mathematics and Education (9-12), Art and Education (K-12), Music Education (K-12), Reading (K-12)/Elementary Education, Physical Education (K-12), and Spanish and Education (K-12).

The Wingate University Teacher Education Program is designed to meet the North Carolina *Competencies and Guidelines for Approved Teacher Education Programs*. Teaching preparation is within the context of a well-rounded liberal arts education, integrated with the principles of a Christian institution. This program is committed to early identification of education majors and early observation and participation experience in the public schools. The model of the Teacher Education Program is *The Effective Facilitator of Learning*, which encompasses three overall goals:

To facilitate the development of:

- the Teacher as Generalist and Specialist
- the Teacher as Scientist and Artist
- the Teacher as a Thinking, Ethical Decision-Maker

The student will develop:

- a broad knowledge and understanding of the liberal arts, including language, literature, religion, fine arts, history and the social/behavioral sciences, world awareness, mathematics and the natural sciences, and physical fitness.
- moral, spiritual, and ethical concerns of life and culture in America and internationally and demonstrate the abilities to practice these values and ethics through thoughtful decision-making.
- a broad and in-depth knowledge and understanding of the subject area(s) to be taught.
- a knowledge and understanding of the historical and philosophical foundations of education, curriculum and instruction, theories of learning, child growth and development, characteristics and needs of the special child, effective teacher behaviors, and methods and techniques for instruction and evaluation of all children.
- and enhance abilities and competencies in effective teaching behaviors and adaptive planning, instruction, and evaluation through supervised pre-student teaching field experiences appropriate to subject and level of certification.
- and demonstrate and refine effective teaching behaviors and adaptive planning, instruction, and evaluation through a supervised fifteen-week student teaching experience appropriate to subject and level of certification.

Three areas of study comprise each program of study: General Education Requirements, Professional Studies, and Specialty Studies. These components allow the student to develop an understanding and appreciation of the liberal arts, the specific field of education, and the area of specialization.

## **Progression in the Teacher Education Program .....**

### ***The 50% Rule***

The North Carolina Quality Assurance Program limits the progression of undergraduate candidates in teacher education programs to introductory courses only and to no more than one-half of the total professional studies core courses, exclusive of student teaching, until formal admission requirements have been satisfied.

The Professional Studies Core requirements, exclusive of student teaching, of which not more than three courses may be taken before meeting all entrance requirements for formal admission to the Teacher Education Program are Education 201, 205, 305, 322, 330.

A student must satisfy all conditions for full admission not later than the end of the first semester following that in which initial application was made.

## ***Student Teaching***

A student must have completed all program requirements in a satisfactory manner before student teaching.

A student must have a cumulative GPA of at least 2.50 and at least 2.50 in the specialty area(s) to student teach. The specialty area consists of the Professional Studies Core and the Specialty Studies Core. A minimum grade of "C" is required in each course.

An application for permission to student teach is made to the Office of the Director of Teacher Education during the semester before the anticipated student teaching.

Students who meet the requirements outlined in the Teacher Education Handbook will be allowed to student teach.

The Wingate University Teacher Education Program does not require student teaching of lateral entry students who can supply adequate documentation of effective teaching skills. Verification of the skills may require on-site supervision by a Wingate University Education professor.

The School of Education offers eleven majors and twelve certification areas. Objectives for each program are listed in the Teacher Education Handbook.

Total hours 125

### **Note: Biology majors and Pre-professional students:**

Both the sequence of and your performance in biology, chemistry, and math courses are critical. Failure to plan and work adequately may interfere with progress in these programs. Students should consult with biology faculty and/or the pre-med advisor when planning schedules and selecting courses.

### **Note: Pre-medical, Pre-dental, Pre-veterinary students**

Regardless of which major selected (Biology or otherwise), most medical and dental schools in the US require one year each of: Biology (150, 200), Chemistry (101, 102, 201, 202), Physics (201, 202). Some specify Math 120. (Veterinary schools usually require more genetics, biochemistry, and microbiology.)

Prior to taking the MCAT/DAT/VCAT, students should take at least one upper-level biology course (Recommended: Biology 305). Non-biology majors should select additional upper-level biology courses. Each student is responsible for selecting the courses that are needed to meet all entrance requirements specified in the bulletin from the school they wish to attend.
